3) Syllabus for Apprenticeship / Internship

Duration: 6-7 Months

Our apprenticeship training program in 100% job based training program. In this training we are not focusing to trained more number of students; We are focusing to create brilliant software engineers. We trained only 55 students in a year in Apprenticeship training. We provide training to students in different aspects and make them according to the demand of Industry. Pass-out and selected students of Diploma (CS/IT/EC/PGDCA)/ B. Tech (CS/IT/EC) / BCA / MCA can join this training program. **This training program starts in the month of June-July.** We promise that we will provide genuine placements to all students of apprenticeship training. Our Apprenticeship training is a unique training program designed for CS/IT students to make them job enabled by imparting extensive training on technical as well as non-technical grounds with practical approach of working on company owned projects.

Why to Join Apprenticeship (Internship) at KSS?

These days the education scenario has entirely changed. Engineers are now days manufactured instead of educating due to which the quality of education has gone low resulting in the increased rate of unemployment. The IT- Industry has number of jobs but IT- Industry do not have right candidate to grab that opportunity. Various companies are doing their business, earning rupees but not focusing in training quality and real – time exposure.

Hence, we at KSS decided to come up with a unique program “**Apprenticeship**” meant for all job aspirants of IT- Sector since today’s IT-Industry has become knowledge-based industry which has nothing to do with your degree. **Our Apprenticeship training program is 100% live project based training program.**

We are not trainer; we are consultant from IT-Industry

A trainer can't give you real-time exposure of Industry. We have tie-ups with a number of Software Engineers & experts from IT industry. That expert consultants are from reputed IT companies like TCS, Wipro, HCL, Infosys, Oracle, etc. That industry Experts will take guest lecture during your training and will provide you real time exposure of industry. In KSS; students will do the training under the consultant of MNC companies.

We have tie-ups with various companies of Hyderabad, Lucknow, Indore, Ahmedabad, Gujarat, Delhi & Noida. Many of them are ready to come Chitrakoot for placement. For other companies we line-up interviews and will send a group of students with a representative of KSS. All the students will surely get job in technical field.

यह सिर्फ ट्रेनिंग Syllabus नहीं है। यह छात्र- छात्राओं से हमारा वादा है। यह हमारा “संकल्प पत्र” है जो की यह दर्शाता है कि हम जो कहते हैं वो करते हैं। हम पूरी ईमानदारी से इस Syllabus में लिखे गए सारे Content को पूरा कराते हैं और छात्रों के उज्ज्वल भविष्य हेतु हमेशा प्रयासरत रहते हैं।

क्या आप एक Software Engineer बनना चाहते हैं?

यदि हाँ तो यह जानकारी आपके लिए
ही है...

❓ अपनी ही फील्ड में नौकरी करना क्यों जरूरी है?

- ❖ कई बार छात्र डिग्री पूरी करने के बाद जल्दी में नॉन टेक्निकल फील्ड में नौकरी करने लगते हैं जिससे शुरुवात में तो उन्हें ठीक लगता है लेकिन नॉन टेक्निकल फील्ड में काम ज्यादा पड़ता है और सैलरी काफी कम मिलती है इसलिए बाद में ऐसे छात्र पछताते हैं।
- ❖ IT- field में बहुत सी नौकरिया हैं और इस कोविड काल के बाद तो आईटी कंपनियों में और ज्यादा मांग बढ़ गई है। इस फील्ड में बहुत अच्छी सैलरी और बेहतर लाइफ स्टाइल भी मिलती है। इसलिए एक बार जब आपको प्रैक्टिकल नॉलेज हो जायेगा तो आसानी से आप सॉफ्टवेयर डेवलपर के रूप में नौकरी पाएंगे।

❓ इस ट्रेनिंग में क्या-क्या सिखाया जाता है?

- ❖ इस ट्रेनिंग में बेसिक से लेकर एडवांस तक की सारी सॉफ्टवेयर डेवलपमेंट टेक्नोलॉजी जैसे- Cloud Computing, .NET, Java, PHP, Python, Android, Xamarin, C/C++, JS & jQuery, AngularJS, React JS, Web API, Entity Framework, MVC, Bootstrap, CI, ML आदि सिखाई जाती हैं। इन सभी के Advance फ्रेमवर्क भी सिखाये जाते हैं जिससे आप आसानी से IT- companies में नौकरी पा सकें। सभी ट्रेनिंग Live project based ट्रेनिंग हैं।

❓ क्या मैं इस ट्रेनिंग को कर सकता हूँ?

यदि आप BCA, MCA, BSc(CS/IT), Diploma (CS/IT/EC), PGDCA, MSc(CS/IT), B.Tech(CS/IT/EC), कर रहे हैं या कर चुके हैं तो आप अवश्य इन Trainings को Join कर सकते हैं।

“KSS में सर के पढ़ाने का तरीका बहुत अच्छा है। मैंने 2022-23 में KSS से ट्रेनिंग की है और आज एक MNC company में सॉफ्टवेयर इंजीनियर के रूप में शुरूआती 6 लाख के पैकेज में कार्यरत हूँ। मेरे साथ के बहुत से मेरे दोस्त जिन्होंने कॉल सेक्टर या किसी दूसरे फील्ड में नौकरी उस समय ज्वाइन कर ली थी वो अब बहुत पछता रहे हैं। इसलिए मैं आपको यही सलाह दूंगा की आप KSS से ही ट्रेनिंग करें।”

- Er. Mani Shanker
- (A student of Apprenticeship 2022-23)

Software फील्ड में रोजगार की असीमित संभावनाएं हैं और यहां तो सैलरी भी बहुत अच्छी मिलती है। परन्तु इसके लिए आपको प्रैक्टिकल Knowledge की जरूरत है। कॉलेज में आप सॉफ्टवेयर बनाना नहीं सीख पाते और हो सकता है आपको Programming बिल्कुल भी ना आती हो, फिर भी हम पूरी जिम्मेदारी से और रोचक तरीके से आपको प्रोग्रामिंग और सॉफ्टवेयर बनाना सिखा सकते हैं। आपके कई सीनियर्स ने हमपर भरोसा किया और आज वो लाखों के पैकेज में सॉफ्टवेयर इंजीनियर के रूप में कार्यरत हैं।

❓ ट्रेनिंग की फीस कितनी होगी?

हमारे यहां मुख्यतः दो तरह की ट्रेनिंग होती हैं –

- 1) BCA, BSC, BTech(CS/IT), Diploma(CS/IT), BSc(CS/IT), प्रथम और द्वितीय या तृतीय वर्ष के छात्रों हेतु- **Summer Training**
 - ❖ **Duration:** 2 Months
 - ❖ **Fees:** 7000/-

- 2) BCA, BSC, BTech(CS/IT), Diploma(CS/IT), BSc(CS/IT) अंतिम वर्ष या पास-आउट छात्रों हेतु **Apprenticeship Training**
 - ❖ **Duration:** 6 to 7 Months
 - ❖ **Fees:** 21000/-

पढाई के साथ-साथ CS/IT के छात्रों को ट्रेनिंग करना क्यों जरूरी है?

वर्तमान समय में शिक्षा का स्वरूप बदल गया है। आज के समय में हर साल लाखों छात्र कालेज से डिग्री लेकर निकलते हैं लेकिन उनमें से सिर्फ कुछ गिने चुने छात्र ही अच्छी जॉब पाते हैं। इसका सबसे बड़ा कारण यह है कि IT- Industry में जॉब करने के लिए प्रैक्टिकल नॉलेज जरूरी है जबकि कॉलेज में अधिकतर सिर्फ थ्योरी नॉलेज ही मिल पाता है। स्टूडेंट्स भी कॉलेज में पढ़ते समय सिर्फ सेमेस्टर एग्जाम पास करने में ही ध्यान देते हैं जिसके कारण बाद में डिग्री पूरी करने के बाद भी उन्हें जॉब नहीं मिल पाती है। B.Tech (CS/IT/EC), Diploma (CS/IT), BCA, MCA, BSc. (CS/IT), MSc. (CS/IT), PGDCA के छात्रों को चाहिए कि वह हर सेमेस्टर के बाद 1-2 महीने का समय निकालकर किसी IT- Company में जाएँ और सॉफ्टवेयर बनाना सीखते रहे जिससे डिग्री पूरी करने के बाद उन्हें आसानी से अच्छी Job मिल सके।

KSS से ट्रेनिंग के बाद कितनी सैलरी वाली नौकरी मिल सकती है?

KSS से ट्रेनिंग करने के बाद आपको IT फील्ड में Technical Job ही दिलाई जाएगी और आपकी शुरुवाती सैलरी 15000 से 50000 रुपये तक होगी। आप सॉफ्टवेयर डेवलपर, सॉफ्टवेयर इंजीनियर या प्रोग्रामर के रूप में कार्य करेंगे।

KSS Tower, Sitapur, Chitrakoot

इस वर्ष ट्रेनिंग कब से शुरू हो रही है?

इस वर्ष Summer Training के बैच लगभग 5 जुलाई से शुरू होंगे और अप्रेंटिसशिप (100% job oriented) ट्रेनिंग के बैच लगभग 25 जुलाई से शुरू होंगे। यह ट्रेनिंग आपके 4th or 6th Semester Exam के बाद शुरू हो जाएगी। यह ऑफलाइन ट्रेनिंग सीतापुर स्थित हमारे ऑफिस में होगी।
